MEMORANDUM

DATE: December 14, 2010

TO: Honorable Mayor and City Council members

FROM: J.H.Kerr III, City Planner

SUBJECT: **RESOLUTION NO. 628-10
CONSIDER EXTENSION OF A DEVELOPMENT ORDER
LANSDOWNE OAKS PRELIMINARY SUBDIVISION PLAT
PARCEL NO. 8002-00-00-0660 AND 8002-00-00-0710**

Recommendation

City staff has reviewed the request for an extension to the development order for the Lansdowne Oaks preliminary subdivision plat, and recommends that City Council create a motion as follows:

Resolution No. 628-10

Based upon competent substantial evidence provided by the applicant and staff, the City Council of Orange City approves a third 12-month extension to the preliminary subdivision plat for the proposed Lansdowne Oaks subdivision to be developed on a 15-acre property located on East Lansdowne Avenue, parcel numbers 8002-00-00-0660 and 8002-00-00-0710.

Background

The subject property is located on East Lansdowne Avenue, approximately 600 feet east of South Leavitt Avenue, and consists of a 10-acre parcel on the south side of East Lansdowne Avenue and a 5-acre parcel on the north side. The 10-acre portion is part of Orange City's original 1.5 square mile jurisdiction, and the 5-acre portion was annexed into the City in 2003. The subject property maintains an (RL) Residential Low land use designation and an (R-1) Low Density Residential zoning classification. The subject property is currently vacant, undeveloped, and heavily wooded.

Overview of Land Use and Zoning Status

	Designated Land Use	Zoning Classification	Existing Land Use	Percent Developed	Jurisdiction
SUBJECT PROPERTY	RL Residential Low	R-1 Low Density Residential	Vacant	None	City
ADJOINING TO NORTH	RL Residential Low	R-1 Low Density Residential	Residential	100	City
ADJOINING TO SOUTH	RL Residential Low	R-1 Low Density Residential	Residential	100	City
ADJOINING TO EAST	RL Residential Low	R-1 Low Density Residential	Residential	100	City
	ULI Urban Low Intensity	R-4 Urban Single Family Residential	Residential	100	County
ADJOINING TO WEST	RL Residential Low	R-1 Low Density Residential	Residential	100	City

Detailed Adjoining Property Land Use and Zoning Description

North: The property adjoining to the north of the subject property is in the City's jurisdiction, and maintains an (RL) Residential Low land use designation and an (R-1) Low Density Residential zoning classification. The property to the north is developed as single family residential.

South: The property adjoining to the south of the subject property is in the City's jurisdiction, and maintains an (RL) Residential Low land use designation and an (R-1) Low Density Residential zoning classification. The property to the south is developed as single family residential.

East: Approximately three-fourths of the property adjoining to the east of the subject property is in the City's jurisdiction, and maintains an (RL) Residential Low land use designation and an (R-1) Low Density Residential zoning classification. The remaining one-fourth of the property adjoining to the east is in the County's jurisdiction, and maintains a (ULI) Urban Low Intensity land use designation and an (R-4) Urban Single Family Residential zoning classification. All of the property to the east is currently developed as single family residential regardless of jurisdiction.

West: The property adjoining to the west of the subject property is in the City's jurisdiction, and maintains an (RL) Residential Low land use designation and an (R-1) Low Density Residential zoning classification. The property to the west is currently developed as single family residential.

Application

David Hill has submitted a request for an extension to the approved development order for the Lansdowne Oaks preliminary subdivision plat, to divide the property and construct a 35-lot subdivision on approximately 15 acres. The request is made per the City's development order extension process, as outlined in Section 5.5 of the City's land development code.

Project Analysis

The applicant intends to construct several roads, potable water and septic facilities, drainage retention area, park, etc., and to subdivide and develop the 35 proposed lots. A park will be provided containing picnic tables and playground equipment, and a mail kiosk will be erected for centralized mail delivery. The development will include sidewalks, drainage retention area, streetlights, and a treed streetscape.

Type of Project

The specific proposed use for the 35-lots will be for single family residential purposes, and said proposed residential use is consistent with the R-1 Low Density Residential zoning district requirements. The 35-lots exceed the minimum size requirements (10,890 square feet), with the smallest lot being 10,920 square feet and the largest being 13,711 square feet. The average lot size is 80 by 140. The density (2.3 DU/AC) is far less than the maximum single family residential density (4.0 DU/AC).

Extension of Development Order

According to Section 5.4.A of the City's land development code, development orders for a preliminary subdivision plat shall expire one year from the date of issuance, and may be extended beyond the one year expiration by City Council. Section 5.5 requires that special consideration be given to the following criteria.

- A. If any amendment to this code is made after approval of the original development order and would necessitate modification of the original approved development plans or associated documents.

Staff maintains there have been no changes to the land development code that would require modifying the development order except for Ordinance No. 355, Guidelines for compliance with the National Pollutant Discharge Elimination System.

- B. Re-evaluation of the ability of the proposed development to meet the concurrency management requirements of this code.

Staff maintains that the demands of the development have not changed, and there is still sufficient infrastructure capacity to service this development.

- C. Changes in surrounding land use, development or other conditions that may require modification of the application to meet the requirements of this code.

Staff maintains that there have been no changes to the surrounding land uses, development or other conditions that would require modifying the preliminary subdivision plat.

SUMMARY

Lansdowne Oaks has sought to propose a subdivision that not only complies with the City's Code of Ordinances, but also has the intent to create an environment that will fit well within the surrounding residential community. The development will possess single family dwellings, treed streetscapes, sidewalks, street lighting, and a recreational area.
