

Business Info

Grow in Orange City

Orange City is a great place to start a business and watch it flourish. We're small enough to make connections and access information quickly and easily, yet large enough to handle infrastructure needs, like reliable water, high-speed Internet access and reasonably priced power. Strategically located in the heart of Southwest Volusia County, Orange City is the perfect place for both large and small firms looking for a great location and a ready labor force. Just a 40 minute drive from Orlando or 30 minutes from Daytona Beach, the City is a significant contributor to the regional economy and easily reached by highway and air transportation systems.

Orange City has the unique advantage of being midway between two metropolitan areas while still retaining its small town charm. Our first-class quality of life is exemplified by our growing hospital and health care systems, great schools, inviting neighborhoods, and hometown charm. Orange City is one of the region's major centers of retail and commerce and boasts a healthy business community with everything from retail to heavy industrial, all while fostering a strong entrepreneurial spirit for new businesses. Businesses here provide employment for many of the residents in neighboring cities. Perhaps our greatest strength is our community's strong support of business and industry. There's a responsiveness here that you will recognize immediately. We want to help you succeed. The City of Orange City welcomes and invites you to immerse yourself in the Orange City experience.

Unlimited opportunities are provided for the success and development of businesses. Qualified businesses may be eligible for assistance programs, incentives and opportunities, depending on the specifics of the business proposal.

Orange City has joined with the Volusia County Department of Economic Development to support and retain businesses that are here and to recruit the right kind of employers to our community. If you would like information about starting or moving your business, visit the [Volusia County Department of Economic Development](#) website.
