49 of Volusia County. At the meeting, the city mayors and managers concluded there were not enough funds

1 for city governments to fund their capital needs projects and to pay for capital infrastructure items such as;

3 suggested in order to acquire these funds. The intent is to mail out a survey/poll to Volusia county residents
4 for consideration of this tax increase. Ms. Arrington reported that after obtaining citizens input, the survey
5 would be distributed to all city governments. The survey would be constructed from city government's
6 response to these questions and sent out to the citizens for their final input. Ms. Arrington noted that she
7 provided a copy of the survey in the agenda packet so that a priority list of possible City projects could be
